movies or shows

# Semester Meeting Timeline

A stack of four carved jack-o'-lanterns sits on a bed of dark soil. The jack-o'-lanterns are arranged in a pyramid shape, with three on the bottom and one on top. Each has a classic triangular eye and a wide, smiling mouth. A small, light-colored star is placed near the mouth of the bottom-left jack-o'-lantern. The background is a warm, orange-yellow gradient. Decorative elements include green leaves in the top-left and bottom-right corners, and a single light-colored star in the top-right corner.

**General Membership  
Applications are due  
October 14th!**

More opportunities for  
Service Points will be  
provided soon now that  
we have our new and  
amazing service points  
chairs!!

# Thanks!
